Need ACF media for your path to GMP applications?

PromoCell®

From discovery and translational research to GMP manufacturing, we help you identify, optimize, evaluate, and scale **animal component-free (ACF) cell culture media solutions tailored to your application**.

From RUO to Excipient GMP-grade media: Our custom ACF media pathway.

Your challenges with ACF media

- Can't find an ACF medium for your application?
- Need more flexibility in ACF media composition?
- Looking for a GMP-grade alternative to your current medium?
- Concerned about media performance or GMP scale-up?

Here's how we can help

- ✔ Access tailored ACF base media solutions built on established PromoCell formulations
- ✔ Have greater control with flexible ACF base media designed around your proprietary supplements or additives
- ✔ Transition confidently with GMP-ready ACF media solutions for manufacturing and scale-up
- ✔ De-risk your transition to GMP media with a Pilot Evaluation Batch (PEB)

EXCiPACT™

Our Excipient GMP-grade media are manufactured in compliance with the EXCiPACT™ GMP certification standard.
